

Olivino Center (Las Navas del Selpillar)

The Olivino Food and Wine Center of Navas del Sempillar is part of the Wine Network, of spaces for tourist dynamism that are representative of the identity and thematic of the territory, created from the Montilla-Moriles Wine Route Tourism Revitalization Plan. The project reinforces the territorial coherence of the region, integrating tourism, culture, gastronomy and nature into the development program. The center is located in the middle of Via Verde del Aceite (Green Way of Oil), in the old station of Las Navas, recovered for this purpose, halfway between the Natural Park of the Subbética Cordobesa and the Campiña (Countryside). It has parking area; a modern information center equipped with audiovisual and interactive material on the landscape and local gastronomy, and its link to the traditional crops of the olive grove and the vineyard; projection room, located in the old warehouses; tavern; terrace and a viewpoint for the interpretation of the landscape and the sky.
