Priego

It is celebrated the last weekend of April, coinciding with the day of San Marcos, although normally

It lasts four days, from Thursday to Sunday.

The fair is located in the center of the town, carrying out the different actions in the Plaza de la Constitución, in a large municipal house prepared for the occasion. In it, concerts, sevillanas contests, children's entertainment ... there are other shows for the nearby Victoria Theater. Also, in the center of town children and adults can enjoy different attractions, tombolas, nougat and street food stalls, leather goods, etc. This is really a great event, the first fair of the year in the region of the Subbética.
