

Oils Los Olivillos

The company Aceites los Olivillos was founded by Zacarías García Granados in 1973. The company located to the South of the province of Córdoba within one of the biggest olive-growing areas of Andalusia, is entirely dedicated to the milling of olives as well as to the packaging of its oils. The company puts at the service of the food industry professionals and the general public its range of oils packed under the brand "LOS OLIVILLOS".
