The "La Bodega" Restaurant, located in the heart of Almedinilla, next to City Hall and Tower mythical Clock, is a gastronomic space that is located in the old cellar of the house where thick walls and low ceilings will give a warmth and extraordinary recollection, with a traditional cuisine passed on from father to son for generations. Its gastronomy is elaborated with natural and typical products of the Subbética, such as Organic Extra Virgin Olive Oils of the Village's Almazaras, vegetables from the Almedinillense orchard , top quality meats and fish and its irresistible popular desserts, among which They highlight the house cake.

A gastronomic corner with a lot of history.
