

Rural House El Viso

This simple house located inside the Parque Natural de las Sierras Subbéticas and among an olive tree grove is the ideal place to spend the holidays and get to know the unknown Andalusia. The house has a swimming pool and a jacuzzi with great views to the olive trees. Next to the pool is the barbecue. In front of the house is the terrace to enjoy the light and the sun. The house interior is brand new and has been fully renovated. The living room has a fireplace and a fully-equipped open kitchen. Each bedroom consists of two beds with linens. The heating is powered by pellets (the first sack is free and more are available for an additional cost).

The plot is completely fenced and is very close to Rute. From this house, only 8 km away, is the Iznájar reservoir, ideal for water sports. The house is 115 km from Granada, 78 km from Córdoba, and 59 km from Antequera. Those who like hiking will have many opportunities at the Natural Park.
